*Safe handling

The new version of the Vauxhall Corsa was launched in 2006 and was a major leap forward over the older, duller model it replaced. With sharp styling and a great interior it's a huge improvement over its predecessor offering more space, comfort and refinement. Like the Astra, it has two distinct profiles for three and five-door models - and both look good. It's enjoyable to drive too and thanks to a comfortable ride and decent noise insulation makes a surprisingly smooth motorway cruiser.
